A FLORIDA FISHERMAN CAPTURES A SEA MONSTER

Needs a Name for the Fish, and the Star Suggests "Gyascutis"

(Jacksonville Metropolis, 10th.)

John Cates of Key West is in the city with the most remarkable fish ever caught in Florida waters, and he is anxious for someone to tell him what the name of it is. Several hundred people have seen it, and are unable to tell just what it is.

Mr. Cates, while fishing at Key West a few days ago, observed the monster near the boat he was in, and he harpooned it. The fish put up a lively fight, but was finally towed to shore, and attracted much interest in Key West.

This fish weighs 800 pounds and is eight feet long. Its body is entirely covered with hair, and it has a face like a Bengal tiger. It has two tails, and its web-like fins contain nails or claws. Mr. Cates has placed the fish at 942 West Bay street, and is anxious for someone informed on "fishology" to tell him what he has caught.

ABOUT RHEUMATISM

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. No one can be cured if, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by the Postoffice Drugstore.

BOARD OF PUBLIC INSTRUCTION

Extra Session to Receive Returns of School District Elections

The board of public instruction in and for Marion county met this 6th day of April, 1906, in special session for the purpose of canvassing the election returns for the special district elections held April 3.

Marion reported the same number of votes cast for Josiah Seckinger and J. L. Miller, thereby making no election for one trustee. The secretary was instructed to notify them that unless one of them declines to serve by the May meeting of the board another election will have to be called to settle the matter.

The Buck Pond district reported that only two came to vote, and consequently they held no election. The board declared that in view of the fact that no election was held and that the state declares that no district can be abolished while it has any outstanding indebtedness, and that as the Buck Pond district has an outstanding indebtedness, therefore it is ordered that the old trustees be re-commissioned to serve for two years longer and a three mill levy be assessed.

A petition signed by thirteen of the fifteen voters of the Griner Farm special district was presented, asking the board to declare the election null and void and call a new election for the reason that one trustee-elect, who is reported as having received eight out of the fifteen votes was not fairly elected, as ten of the voters declared they did not vote for him, and that the managers let one man vote twice, and for other good reasons.

On account of the above complaints the Griner Farm election returns were not declared, and the matter deferred until the May meeting of the board.

The following millage was declared and the following trustees declared elected for their respective districts:
